Hi Rich,  
Before I proceed with this request I wanted to get permission from you. Can I start working on this?  
Thanks,

Hi Suddha,

Using the distance information that you were able to obtain for us before, we had put together the attached graphs. We were looking to see if we can get some more data from you. Last time you had give us which was the closest gas well to each of the residential wells. Is it possible to get distances from the residential wells to each of the following wells: G Shield 4H SE OG Well, Gesford 7H NW OG Well, Baker 3 OG Well, and the Costello 1 OG Well. We were then looking for the distance of the residential well to the closest to each of the above four wells. (So a total of five distances.) Please let me know if this doesn t make sense.

Hope all is well.
